

26-2-8 Identification of Flood Plain.

- (A) The flood plain as used herein shall mean the relatively flat area or lowlands adjoining a river, stream, water course, lake or other body of standing water that has or may be covered by flood water. The boundaries of the flood plain are the boundaries of the base flood (100 year flood) as identified by the federal flood insurance administration in its flood hazard boundary map (FHBm) #490187A dated May 2, 1978, as amended from time to time.
